

UW Medicine

July 2021

Dear Provider,

The goal of UW Medicine is to vaccinate 100% of our employees against COVID -19. We provide free COVID-19 immunizations to all current employees and staff. However, some employees choose to be immunized elsewhere. For those employees, vaccination documentation is required to be compliant with our Employee COVID-19 Vaccine Program.

COVID-19 vaccinations may not be appropriate for a small number of employees, for example, persons with specific medical conditions, or a history of severe reaction to a previous vaccine component. CDC recommendations for COVID vaccines can be viewed at: (<https://www.cdc.gov/vaccines/covid-19/clinical-considerations/covid-19-vaccines-us.html>) .

Without disclosing any protected health/medical information, please complete the following, indicating if your patient received COVID vaccine/s or is exempted from vaccination, and return the form to your patient, who should return the completed form to the appropriate Employee Health Clinic. Or the form can be faxed from your location.

Patient Name (print) _____ **DOB** ___/___/___ **EID** _____

<input type="checkbox"/> Received COVID-19 (date of vaccination/s) #1 _____ #2 _____ <input type="checkbox"/> Pfizer <input type="checkbox"/> Moderna <input type="checkbox"/> Johnson & Johnson <input type="checkbox"/> Other _____
<input type="checkbox"/> Exempted from COVID-19 vaccination : <input type="checkbox"/> <u>Temporary</u> medical condition exempts this patient from COVID - 19 vaccination <u>this year</u> <input type="checkbox"/> Chronic medical condition, as described by CDC vaccine exemption guidelines, history of severe vaccine reaction; exempted from COVID vaccination <u>this year</u>
